Reason for the Reverse Stock Split

The Board of Directors of the Company has determined that it is in the best interests of the Company to reverse split the common stock of the Company on a one (1) for one hundred and seventy (170) basis because the Company's stock is currently closed at \$0.0005 affording little or no liquidity for the shareholders. It is the belief of the Board that the reverse split will cause the bid and asked prices to increase, creating the possibility for the stock to trade at more reasonable prices and a more reasonable spread between the bid and asked prices.

The Board of Directors of the Company have the right to reverse split the stock of the Company in accordance with the Nevada Revised Statutes (NRS Section 78.207) to effect a reverse stock split of the Common Stock and the By Laws of the Company do not preclude the Board of Directors from taking such action. The Company anticipates that the reverse split will become effective on the earlier date [i] as soon as practicable after completion of the final review by FINRA of the reverse split transaction or [ii] on or about the opening of business on January 15, 2021 (the "Effective Date").

Effects of the Reverse Stock Split

The Company is currently authorized to issue 5,000,000,000 shares of Common Stock. As a result of the one (1) for one hundred and seventy (170) share reverse stock split, the authorized shares will also be reversed one (1) for 171 shares. Thereafter, the Company's authorized Common Stock will be 29,411,765 shares.. As of December 21, 2020, there were 2,687,999,095 shares of Common Stock outstanding. As a result of the reverse stock split, there will be approximately 15,811,760 shares of Common Stock outstanding (subject to adjustment due to the effect of rounding fractional shares into whole shares). The reverse stock split will not have any effect on the stated par value of the Common Stock.

Effective Date; Symbol; CUSIP Number

The reverse stock split becomes effective with FINRA (the Financial Industry Regulatory Authority) and in the marketplace at the open of business on the Effective Date, as defined above, whereupon the shares of common stock will begin trading on a split-adjusted basis. On the Effective Date, the Company's trading symbol will change to "ABCED" for a period of 20 business days, after which the "D" will be removed from the Company's trading symbol, which will revert to the original symbol of "ABCE". In connection with the Reverse Stock Split, the Company's CUSIP number will change to 00287V4023.

Split Adjustment; No Fractional Shares

On the Effective Date, the total number of shares of the Company's common stock held by each stockholder will be converted automatically into the number of whole shares of common stock equal to (i) the number of issued and outstanding shares of common stock held by such stockholder immediately prior to the reverse stock split, divided by (ii) 171.

No fractional shares will be issued, and no cash or other consideration will be paid. Instead, the Company will issue one whole share of the post-reverse stock split common stock to any stockholder who otherwise would have received a fractional share as a result of the reverse stock split.

Non-Certificated Shares; Certificated Shares
